MEDICAL AND CHEMICAL

REFORM.

ADVICE FREE.

New-York Benevolent Infirmary,

ESTABLISHED 1856,

And devoted to *The Cause of Medical Reform*; to the *Diffusion of Medical Knowledge for the Prevention of Disease*, and to the relief of those suffering and afflicted with Chronic and Virulent Disorders. To this end this Infirmary is endowed, to enable the sick and suffering throughout the length and breadth of our land, to avoid the *Poisonous Drugs, Extortion*, and *Ignorance of professed Physicians*, through which thousands and tens of thousands annually perish.

The following are some of the diseases we cure, not only at the Infirmary but in all parts of our country:

Consumption and Pulmonary Complaints, Fevers, Scrofula, Dyspepsia, Eye and Ear Disease, Cancers and other Tumors, Jaundice and Liver Complaint, Seminal Weakness, and all diseases of the Urinary and Sexual Organs, from whatever cause or whatever nature. Our object will be to give joy to the afflicted by effecting in all cases a speedy cure.

Our rule is to charge nothing for advice and written prescriptions; but will furnish when requested the very best medicines at the lowest rates.

These remedies are prepared in our own Laboratory, under the care of able Chemists, and are the most reliable known to science, including all the recent discoveries.

To all addressing us by letter, containing full account of symptoms and appearances of disease, age, occupation, &c., we will write a candid reply, with advice and directions for cure. Any fees sent us when sending for advice will be devoted to furnishing medicine for the poor. In all cases medicine can be sent by mail or express if desired. Send for one or more of our works and judge for yourselves. Also published at the Infirmary, to aid these objects,

CHILDREN TEETHING

MRS. WINSLOW, AN EXPERIENCED NURSE AND FEMALE PHYSICIAN, presents to the attention of mothers her

SOOTHING SYRUP,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflamation, will allay pain and spasmodic action, and is *sure to regulate the Bowels.*

Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to your Infants.

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak of this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in *thousands of cases.*

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve *Griping in the Bowels and Wind Colic*, and overcome convulsions, which, if not *speedily* remedied, end in death. We believe it the best and *surest remedy* in the world, in all cases of Dysentery and Diarrhœa in children, whether it arises from teething or from any other cause.—We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world, and by G. W. Kessler and A. Rouah, druggists, Altoona. Price 25 cents per bottle.

"BE BRAVE."

From the Johnstown Tribune.

[Mrs. G., whose sons, four in number, left their homes with the Johnstown volunteers, to defend their country, in parting with them, only uttered the words "Be Brave."

"Be Brave!" the patriot mother said,
When direful war's alarms
Across Columbia's valleys spread,
And called her sons to arms.
"Be Brave!"—no more heroic word
The Spartan mother gave,
When at Thermopylæ was heard
The din of war—"Be Brave!"

Go forth, ye gallant Volunteers,
Though dangers may be rife,
To fight for all that man reveres,
For 'tis your country's strife,
And Heaven propitious smiles on all
That die their land to save;
A nation mourns you, if you fall;
Then forward, and—"Be Brave!"

And whether near your mountain home
Your sorrel hosts shall tread,
Or by the wild Potomac roam,
Near Vernon's mighty dead;
Or where the sultry Southern sand
The sweet Santee shall lave;
At home—abroad—on sea or land,
Press forward, and—"Be Brave!"

When mothers thus their jewels give
Upon their country's shrine,
That country cannot cease to live—
Her mission is divine.
And, Cambria, such thy matrons are;
And where the coward slave
Would falter when her virtuous Fair
Bids all her sons—"Be Brave!"

EBENSBURG, May 6, 1861. R. L. J.

Select Miscellany.

Chesapeake Bay—Its Rivers and Important Cities.

After making the entrance to the Chesapeake, Hampton Roads opens to the right, a broad estuary, with a deep channel a mile and a half in width in its narrowest point. Eight miles from the buoy which marks the entrance to the Roads, on the north side of the channel, is Old Point Comfort, on which is Fortress Monroe, whose guns command the channel.

FORTRESS MONROE.

This fortress is the largest and one of the best constructed in the United States. It was built like all the coast forts, for defence against a foe approaching from the sea, and is casemated only on the side facing the channel, having simple wall masonry only to the landward. Against an attacking force from that quarter it will need protecting out-works. Its walls enclose a parade ground of about seventy acres, making it an admirable school for recently recruited regiments. Opposite the fort, in the channel, distant about a mile and a third, are the walls of a small fortification commenced by government, not finished, called the Rip Raps. Farther up the Roads, and four miles in a right line across westerly from fortress Monroe, is Caswell's Point, where the Virginians have attempted to erect batteries. At this point to the south, opens Elizabeth channel, the entrance to Norfolk harbor. Fortifications at Caswell's Point, although too far distants to threaten Fortress Monroe, would effectually guard this entrance. Elizabeth channel, from its opening into Hampton Roads to the city of Norfolk, is eight miles long, direct in its course, very deep, and scarcely a quarter of a mile in width. Craney Island lies close to the channel, on the west side, about three miles from Norfolk, on which are the remains of an old fort, which the secessionists are rebuilding. Nearer to the city on the other bank of the channel is Fort Norfolk, also being improved and mounted with ordnance by the Virginians.

NORFOLK AND THE SUBURBS.

The city of Norfolk, located upon an almost level site, presents but few natural defences against an attacking force. The city and Portsmouth lying opposite, can be approached from several points. Troops could be landed from the Hampton or Lynn Haven roads within seven miles of the city; the approaches being easy and indefensible. An approach could be made from London bridge on the south, with an easy march of ten miles.

Norfolk is important for its railroad connections; as the location of a navy yard, whose dry dock and machine shops are proving usefull to the Virginians, and as the Chesapeake terminus of the Dismal Swamp canal through which passes the commerce of Albemarle and Familico sounds. Into Hampton Roads empties the James river, a large stream affected by the tide one hundred miles from its mouth, at which point the falls and rapids, with a descent of one hundred feet in two miles, effectually block further navigation, giving at the same time an unlimited water power. At this point is stituated the city of Richmond, beautifully built on several elevations, the most noted of which are Shockhoe and Richmond hills, between which flows Shockhoe creek. The city is handsomely built, the streets intersecting at right angles. On Shockhoe hill are the capitol and other prominent public buildings, and about them are clustered the aristocratic mansions of the city. Vessels drawing ten feet of water fasten to the wharf of Richmond, and those drawing fifteen approach within three miles of the city. Lines of steamers, before the secession difficulties connected Richmond commercially with New York, Philadelphia, Norfolk and Baltimore. Richmond has been the great depot of Virginia wheat, which its mills have converted into flour.

RAILROADS FROM RICHMOND.

Five Lines of railroad diverge from Richmond. One line running due north, passes Fredricksburg on the Rappahannock, and terminates at Aquia creek, near the Potomac. A line running east, terminates at Whitehouse; on the York river. A third line runs due south to Wilmington, North Carolina, having indermediate stations at Petersburg, Va., and Weldon, N. C. The Richmond and Danville railroad extends in a southward direction to the latter town, near the North Carolina boundry line, beyond which it is unfinished. The Virginia Central runs nearly west, being finished as far as Covington, beyond the Blue Ridge. At Gordansville it forms a junction with the Orange and Alexandria road running northeast, and the Lynchburg road running southwest. This city is thus the military as well as the commercial centre of the State, and a point of great strategic importance.

YORK RIVER.

From the buoy at the entrance of Hampton Roads to the lightship at the mouth of York river, the distance is about fifteen miles. From its source at the junction of the Pamunky and Mattapony, its debouchment into the Chesapeake, the York river flows forty miles, being an estuary with a heavy tide, varying from two to four miles in width. It is navigable by the largest vessels to Yorktown, and by vessels of secondary draft to its source. A land spit separates the mouth of the York river from Mob Jack bay, which sets inland about fifteen miles, with eighteen feet of water. Into this bay empties the Severn, North and Ware rivers, inconsiderable streams, navigable a short distance for vessels of light draft. From the lighthouse at New Point Comfort to the lighthouse at the entrance of the Rappahannock, is twenty miles. A space of four miles to the south of the light comprises the entrances to the Rappahannock and a small bay and river called the Piankeetank.

THE RAPPAHANNOCK.

The Rappahannock, like the James river, rises in the mountainous portion of the State. At one huudred miles from its mouth, navigation is stopped by falls and rapids. The river below the falls has the character of an estuary, being broad and affected by the tides. At the head of tide-water is the city of Fredericksburg, a great tobacco depot; lying on the line of the Richmond and Pontomac Railroad.

Twenty-two miles from the lightship, moored at the mouth of the Rappahannock, is the lighthouse at Smith's Point, guiding the entrance to the Potomac.

Seven miles below Washington lies the city of Alexandria, the most important town on the Virginia side of the river. The shores of the Potomac below Washington have but a few slight elevations, and would be difficult to impede navigation by hastily constructed batteries. The width for the same distance varies from one and a half to five miles.—*New York Commercial.*

FORBIDDEN FRUIT.—M. Noel, a French agriculturist, speaking of the introduction of the potato says:—This vegetable was viewed by the people with extreme disfavor when first introduced, and many expedients were adapted to induce them to use it but without success. In vain did Louis XVI wear its flower in his button hole and in vain were tubercles distributed among the farmers; they gave them to their pigs but would not use them for themselves.—At last Parmentier, the chemist, who well knew the nutritive properties of the potato, and was most anxious to see it in general use, hit upon the following ingenious plan: He planted a good breadth of potatoes at Sablons, close to Paris, and paid great attention to their cultivation. When the roots were nearly ripe, he put notices around the field that all persons who stole any of the potatoes would be prosecuted with the utmost rigor of the law, and *gens d' armes* were employed to watch the field day and night, and arrest all tresspassers. No sooner were the roots thus forbidden, as it were, by authority, than all persons seemed eager to eat them, and in a fortnight, notwithstanding the *gens d' armes*, the whole crop was stolen, and, without doubt, eaten. The new vegetable having been found to be excellent food, was soon after cultivated in every part of the kingdom.

How Secession works.

The *ostensible* purpose of the Southern conspirators against the Federal Union is, the better *protection* of slave property, although no reflecting mind can, for a moment, believe that this is the *real* object. How completely such purpose, however, would be defeated, in case of the actual and permanent separation of the North and South, may be deduced from the following circumstance, which occurred in this vicinity within the last fortnight:

In one of the townships of Montgomery county, within ten miles of Philadelphia, resides a prominent and influential citizen, of unimpeachable probity and high intelligence. For more than thirty years he has taken an active part in the politics of Pennsylvania, and has been elected to important civil trusts, municipal and legislative. During all this time, too, he has been a consistent Democrat, and an *unwavering friend of the South*, battling manfully for all her vested constitutional rights.

On a recent Sabbath afternoon, this welltried and devoted friend of the South met, in the immediate vicinity of his residence, a colored man and his wife, both young and athletic, clad in coarse homespun, and weary with dust and travel. He interrogated them as to whence they had come, when they frankly admitted that they were *fugitive slaves*, from the county of Prince George's, in Maryland, and that the intense war excitement had afforded them an opportunity to escape, which they had gladly embraced.

"Was not your master *kind* to you," asked the Montgomery county Democrat.

"O, yes;" responded one of the sable strangers, with a tear of gladness starting to his eye, "but we thought we had worked *for nothing* long enough, and, as freedom is sweet, we took the first chance to get ours, and God in Heaven be praised, we *have* it! But for the *war*, we would still be slaves. Bless God for the war?

Six months ago the upright and conscientious Montgomery farmer, as he himself religiously affirms, would have lost not a moment's time in imparting to the United States Marshal intelligence of these fugitives from labor, and had them returned to their master. But *now*, since the South is engaged in an unholy crusade against the Union and the Government, he could not find it in his heart to do anything of the sort. On the contrary, he "took them in" cared for them hospitably, and then sent them rejoicing on their way to a farmer close by, where they would be sure of receiving both work and *wages*, and the "Prince George's" Secessionist may now whistle for his "property." His two valuable slaves have afforded him a practical exhibition of the right of "secession" which he, most likely, will not soon forget.

And this is the way, forsooth, in which Southern demagogues, at the point of the bayonet, are "*protecting*" their slave *property!* What infatuation! The most arrant Abolitionist in the country is JEFFERSON DAVIS.—*Phila. Press.*

Parson Brownlow's Daughter.

A gentleman just arrived in Chicago from Knoxville, Tenn., brings intelligence of affairs in that city. He says that 2,500 Secession troops are stationed there, for the express purpose of overawing the Union men. It is a part of their business to engage in quarrels in saloons, and in street fights, with all who are not friendly to Secession. Two men were last week shot for no other offence than speaking words of loyalty to the Federal Government. The house of the celebrated, bold hearted, and out spoken Parson Brownlow, is the only one in Knoxville over which the Stars and Stripes are floating. A few days ago two armed Secessionists went, at six o'clock in the morning, to haul down the Stars and Stripes. Miss Brownlow, a brilliant young lady of twenty-three, saw them on the piazza, and stepped out and demanded their business. They replied that they had come to "take down them d—n Stars and Stripes." She instantly drew a revolver from her side, and presenting it, said: "Go on! I'm good for one of you, and I think for both."

"By the looks of that girl's eye she'll shoot," one remarked. "I think we'd better not try it; we'll go back and get more men said the other. "Go and get more men," said the noble lady; "get more men and come and take it down, if you dare." They returned with a company of ninety armed men, and demanded that the flag should be hauled down; but on discovering that the house was filled with gallant men, armed to the teeth, who would rather die as dearly as possible than see their country's flag dishonored, the Secessionists retired.

CAVALRY GRAPNAL.

THIS is a newly invented weapon of warfare, and is designed to render cavalry vastly superior to infantry. It is an admitted fact, in the science of war, that infantry formed into a square, or in mass, and standing firm and unbroken, can defeat and equal number of cavalry, each being armed with the ordinary weapons. This fact has been fully demonstrated upon many a well-fought field in the last half century, the most notable of which was the celebrated battle of Waterloo, where the French cavalry repeatedly charged the squares of English infantry, and were uniformly repulsed, the squares standing firm and unbroken. The firm stand of the infantry and uniform repulse of the cavalry were doubtless the main causes of the defeat of the French at that celebrated battle, contested between the best cavalry and infantry of any age, and commanded by the greatest generals of the world. A man and horse acting as one, have the strength and speed of several men. The cavalry grapnel is a new weapon, adapted to this superior strength and speed, and a regiment of horse, armed with this destructive weapon, and skilled in its use, can casely defeat four times their number of infantry, moving them down like grass before a scythe. This weapon can also be used by cavalry against cavalry, and even infantry could use it against infantry with great destruction. The grapnel was invented in one of our Northern States, and 100,000 have been recently manufactured for a European Government for the arming of cavalry. The present wide spread rebellion in our own country caused the inventor to offer them to our Government. They were submitted to the proper department, and approved of and purchased, and it is expected that the President will shortly call into the service of the United States 50,000 cavalry, to be furnished with the grapnel as an additional arm. With this destructive weapon they will be able to cut in pieces and annihilate 200,000 of the best infantry that ever entered a field.

Quarrelling Over the Spoils.

Secession has not produced a political millenium in Virginia. Politicians are still demagogues, and not patriots, and "the spoils" are sought for as bitterly as in the old Union. Witness the following from the Richmond *Examiner*:—"But while the spirit of the people is as high as it can be, the complaint against the State authorities is deep. The most odious and most abject submissionists of the late political struggle get all the good prizes—get all the prizes which decency, necessity and all the actual safety of the State would require to be distributed elsewhere. The whole machinery of the war and Government falls, day after day, more and more into the hands of men who have utterly denied the State's right to secede, and who have constantly denounced her present position. All who have done anything to create the Southern Confederacy are proscribed, tabooed and disfranchised. We have yet to hear of a single original champion of the south who has been treated with common consideration or ordinary politeness. The men are Southern, the masters were Northern, till it was profitable to be something else."

PATRIOTISM.—We give the following as proof that even the ties of blood are forgotten in the fervency of the common devotion to the national flag: An aged gentleman—of Jewish extraction—living in a neighboring city, has two sons—one an officer in a Pennsylvania Regiment, the other an officer in the rebel army. The latter wrote to the father a few days since, advising him that he had taken up arms for the South, and that he proposed to come north with the command to fight the abolitionists. This was too much for the equanimity of the parent. He replied to his disloyal son substantially as follows: "I have but two children in the world. One of them has gone forth to defend the flag of his country. *You* are fighting against that flag and conspiring against the government. I disown You. No traitor shall bear my name. I have but one hope left, which is that if my loyal son goes to battle the first bullet he shall send against the Jew can feel thus, how must it be with the enemy may pierce you to the heart! If the Gentile?

THE BLOCKADE.—A Mobile paper speaks very gloomly of the blockade, which is just commencing in the Gulf ports. It says: "If our revenue is destroyed by it, we must of course resort to direct taxation. This will be an unpopular measure just now." It will not only be unpopular, but it will be *impossible* to collect a direct tax in some of the Southern States. They have already substituted shin-plasters for small change.—where, then, is gold and silver to come from to pay a direct tax?

The Montgomery *Advertiser* of the 16th inst. says that the various accounts about hundreds of letters of marque having been granted by the War Department of the Southern Confederacy, and that thousands of applications are already on file, is a gross error. Applications for that business are made to the collectors of the different ports and not to the department at Montgomery, where none have been received. A number of applications have been made to the collectors of New Orleans, Mobile, and other Southern ports.

DEATH OF STEPHEN A. DOUGLAS.—Since our last issue, a great man has fallen, a bright light has gone out, and a loyal nation mourns the departure of one whose counsels could be ill spared at this critical juncture. We refer to the death of Hon. Stephen A. Douglas, which occurred at Chicago on the 3d inst. The universal expressions of sorrow manifested everywhere attest that our people feel the loss they have sustained. That he was a great statesman, all admit, although they did not endorse all his principles. He was, perhaps, the strongest debater in either House of Congress.

Judge Douglas was born in Brandon, Vt., April 23d, 1812, and was therefore a little over 48 years of age.

CAUTION TO SOLDIER LETTER-WRITERS.—The following extract from a letter written by an officer high in command, is worthy the special attention of all our volunteers. Numerous letters have been published in the newspapers reflecting very harshly upon the officers in actual service. They are written, in many cases, by soldiers to their friends, not designed to be published, but handed to the papers by the recipients. Editors should know that by their publication serious damage may be done, both to the writer and to the service. The officer referred to has no personal reason for the suggestion, as all the letters from his command indicate the warmest feeling of attachment to him and his officers:

"I wish you would call the attention of the papers to the letters from privates, praising officers &c. It is strictly forbidden by the army regulations, and is a cause of punishment by court martial for any officer or private to write or publish in any way any article praising, or blaming, or discussing the conduct of any officer or man. You will see the propriety of this while the service continues; after the term is over each officer and private will be fairly tried by the judgment of his neighbors at home. But a severe article on an officer written from the camp and published at home, and then returned to the camp, might do most serious mischief and injustice. I make these suggestions to the papers with more freedom, from the fact that everything I have yet seen from the men is of kindest description; but no man can tell how soon he may be compelled to give orders which will be distasteful."

AN ENGAGEMENT.

The Philadelphia *Bulletin*, of Tuesday evening, contains an account of an engagement on Monday last, between the Federal troops of Fortress Monroe and a rebel battery at Great Bethel, nine miles from Hampton, on the Yorktown road. Gen. Butler having learned that the rebels were forming an entrenched camp at that place, with strong batteries, deemed it necessary to dislodge them, and accordingly, about midnight, sent Col. Duryea's Zouaves and Col. Townsend's Albany regiment to attack it. At the same time Col. Benedix's regiment and a detachment of the Vermont and Massachusetts regiments moved forward from Newport News to form a junction with the first named regiments at Little Bethel, about half-way between Hampton and Great Bethel. In the darkness, the Zouaves and Albany regiment, which had been marching some two miles apart, mistook each other for enemies, at Little Bethel, and commenced firing, one on the other. Fortunately they did but little damage ere they discovered their mistake.

The troops then advanced upon Great Bethel. The regiments formed and endeavored to take a large masked battery of the Secessionists, but the effort was futile, the three small pieces of artillery not being able to cope with the heavy rifled cannon of the enemy, according to some accounts 30 in number. The rebel battery was so completely masked that no men could be seen, but the flashes of the guns only.

A well concerted movement might have secured the position, but Brig. Gen. Pierce, who commanded the expedition, seemed to have lost his presence of mind, and left the Troy regiment stand for an hour exposed to a galling fire. An order to retreat was at length given, and the troops returned to the Fortress. There were probably 25 killed and 100 wounded in the engagement.

STILL LATER.

A telegraphic dispatch to the New York Herald this (Wednesday) morning, says: Gen. Butler has captured the battery at Great Bethel and taken 1,000 rebel prisoners.

—A Union man flogged a Secessionist in Wyoming county, recently, for expressing treasonable and riotous sentiments. The Secessionist brought the case before a justice of the peace, who decided that the flogging was a Constitutional act under the circumstance.

—Two hundred and twenty thousand soldiers were furnished by the different States, during the revolution. Of these the Southern States furnished but fifteen thousand, while Massachusetts alone sent sixty-eight thousand.

President Judgeship.

Correspondence between the gentlemen of the Bar of this Judicial District and Judge Taylor.

MARCH 21st, 1861

To Hon. Geo. Taylor, President Judge of the 24th Judicial District:

Dear Sir:—As the time for another election of Judges is approaching, the undersigned members of the Bar within the District over which you preside, having in common, we believe, with the public at large, entire confidence in your capacity, integrity, and partiality as a Judge, address you with the view of obtaining your consent to be a candidate for re-election, without respect to party.

In thus asking you to be a candidate, we believe we express the general wish of the citizens of the District, of all parties.

Respectfully yours, &c.,

REPLY OF JUDGE TAYLOR.

HUNTINGDON, May 18th, 1861.

To the members of the Bar of Huntingdon, Blair and Cambria counties:

Gentlemen:—Your communication handed to me a month ago, owing to the absorbing excitement since pervading the country, upon a subject vastly more interesting to us all, has remained to the present time, unanswered. To the request contained in it, I now reply at once and frankly, that, since neither my age nor my circumstances, my duty to my family or to the public, permits me to entertain a thought of retiring from active life, and as I have no inclination to return to the practice of the law, I am willing to be a candidate for re-election to the office I now hold.

It accords also, with my views and desire to come before the people in the attitude suggested. There is a prevalent and growing public sentiment, in which I heartily participate, that a Judge should not be a politician; and that contests for judicial offices, as far as is practicable, should be kept clear of party politics. It is grating to our sense of propriety to observe one whose office it is to administer justice with a steady and impartial hand between persons of all parties and classes, descending into the arena of local partizan strife; nor can it, in the nature of things, ever happen without impairing, to some extent, public confidence in his entire independence and impartiality as a Judge. I announce myself, therefore, in compliance with the request contained in your letter before me, as a candidate for the office of President Judge of the twenty-fourth Judicial District, "without respect to party."

I would be doing violence to my own feelings, however, gentlemen, and great injustice to you, were I to close with this direct and brief response to the request contained in your letter. It is a communication from the Bar of the district;—a district over the courts of which I have presided for many years, and in which, during that time a very large amount of judicial business, civil and criminal, much of it very important, has been transacted;—a district, ranking, in view of the amount and character of its business and litigation, amongst the most important in the State—a district, too, in which, you will pardon me, gentlemen, for saying, it has always been my belief, without claiming any credit for it myself, causes are as carefully and well tried as in any other. It is not only in communication from the Bar of the entire district, but one signed by all the gentlemen of the Bar within the several counties composing it, of all parties; some of whom are my professional seniors; with some of whom I started out in professional life; many of them young gentlemen who have come to the Bar since I have been upon the bench, and whose steady progress towards distinction, I have watched with pride; and with all of whom I have enjoyed the most intimate and agreeable intercourse in the different relations in which we have met and mingled. Such a call upon me, from such a source, is, itself, an expression of confidence and friendship, stronger, and more expressive than the language which you have employed to convey it; and which I have no words suitably to acknowledge. I value it, be assured, more highly than I would the nomination of any party convention, for the highest and most honorable office in the State; and I shall preserve and cherish your letter to the latest hour of my life, as the most valued monument I hope to leave behind me.

Your generous friendship has doubtless, gentlemen, induced an oversight of many faults and deficiencies of which I am very sensible, and which cannot have escaped your notice. I am conscious of having, during my term of office (drawing near to a close,) committed many errors. You are right, however, when you accord to me, and I believe also in the opinion expressed that the people of the District, of all parties, accord to me, strict impartiality, and integrity of purpose in the performance of my judicial duties. As to the latter, no one occupying any public place, is entitled to any special credit for habitually intending to do what is simply and only his duty; nor is it to be forgotten that the strongest motive which can actuate a Judge is to be RIGHT always if he can.

I have here only stood in my lot with my judicial brethern of the State; while it is not, I suppose, ascribable to any superior personal merit in those of the legal profession who have been called to exercise judicial functions, that the entire judiciary of Pennsylvania has ever, in this respect, stood above and beyond reproach or suspicion. With respect to the other quality referred to, if there is any one qualification of a Judge, which among many conscious deficiencies, I feel that I might venture to claim, it is the power of holding up a question and viewing it steadily in all its aspects, without thinking, for the time, who are the parties interested, or how they will be affected by the decision.—I am not conscious of ever having felt the temptation to allow the weight of a feather, in any judgment, to the social position, political predilections, or religious faith of the parties before the court, or of their counsel.

I have only in conclusion, gentlemen, to repeat my grateful acknowledgement and appreciation of your kind partiality; and to pledge myself that, should it result in my re-election, and God should spare my life to the commencement of another judicial term, I will endeavor to bring all my energies to the discharge of the high, responsible, and arduous public duties devolving upon me under a new commission.

I am gentlemen,

Very respectfully and truly,

Your friend and ob't servant,

GEO. TAYLOR.

LATE NEWS.

LATE FROM HARPER'S FERRY.

WASHINGTON, June 9.—A reliable gentleman, whose name is prudently withheld but in whose statements implicit reliance is placed here, was at Harper's Ferry within twenty-four hours. He was informed that Jeff. Davis, Beauregard, and Wigfall had been at Harper's Ferry within a few days. From an acquaintance whom he found, and between himself and whom a mutual confidence had long since been established, he gathered some facts: The troops are in hourly anticipation of an attack from the Union forces. They were apprehensive of approaches from different quarters, and if the road to Manassas Junction should be taken from their control, they would, if overcome in an engagement, all become prisoners.

The supply of rations to the troops was very irregular; sometimes for two or three days there was abundance, but the other part of the week was often passed without a regular meal at mess hours. Many of the privates were deserting, and a feeling of probable defeat dampened the ardor of the men.

It is the opinion of some of our experienced military officers here that the troops will attempt to evacuate Harper's Ferry on the approach of the Federal troops; but the very fact of their retreat being cut off will suggest to them the necessity of a desperate struggle for victory.

TROOPS IN AND NEAR THE CITY.—Thirty-six full regiments, a number of battalions and companies, and five artillery corps, independent of the artillery connected with regiments, have arrived in Washington since the 18th day of April, led by the pioneer regiment, the 25th Pennsylvania, Colonel Cake. Of these about 22,000 are in Virginia, the balance, 20,000 are in Washington and suburbs, and at the Relay House.

ARREST OF MORE SPIES.—Friday morning, in the early gray of day, a number of the men in the Sixty-ninth left Fort Corcoran to bring in their oxen. They espied a band of men in the distance, making observations. Information was sent to the fort, and a detachment sent out, who surrounded and captured five men. They were brought in and handed over to eral Mansfield.

LATEST FROM HARPER'S FE

HAGERSTOWN, June 9.—Ke telligence from Harper's Ferry day says there has been no chan sition literally. The number of put down, from half a dozen s 12,000, but the correspondent be to be about 9,000.

The news to-day confirms the report bridges at Harper's Ferry and Shep pardstown have been mined, and that trains of gunpowder are laid from the middle piers in water-proof cases, with long fuses attached.

The writer has seen eleven deserters from Harper's Ferry, Shepherdstown, and Martinsburg to-day. They escaped across the Potomac last night.

Fifty Virginians, at Williamsport, (Union men,) are awaiting the advance of the Federal troops to enable them to return to their homes.

The rebles have destoryed Dam No. 5, on the Potomac, eight miles above Williamsport, to-day, to prevent the construction of boat-bridges on its breast for the passage of the Federal troops, and it is expected they will destroy Dam No. 4, nine miles below Williamsport, to night. The Chesapeake and Ohio Canal men are very indignant, and large numbers of them will join the Federal forces.

CHAMBERSBURG June 7.—The Scott ward march of the army collected at this point commenced this morning at eight o'clock, in splendid order and brilliant appearance. As the head of the column left the camp, the scene was animated and imposing—the citizens cheering, and the soldiers responding, while the feeling of both commanders and troops was full of hope, courage and animation.

The column extended along a line of six miles. The troops spread along this column consisted of a portion of the Second Regiment of United States Culvery; the First City Troops of Philadelphia: Cap. Doubleday's command from Fort Sumter: Capt. McMullin's Rangers from Philadelphia, and the Sixth, Twenty-first and Twenty-third Regiments of Pennsylvania volunteers commanded respectively by Col. Nagle Col. Butler and Col. Dare. The same moved precisely at eight o'clock this morning.

It is expected that the troops will encamp at Greencastle to night, a distance of eleven miles from Chambersburg, and within a few miles of the Maryland line. The march to-morrow will be to Hagerstown.

The movement of the remaining force here is not known positively, but it is understood all will be ordered hence to the south in a few days.

CINCINNATI, June 7.—A special despatch from Grafton to the *Commercial* says that Colonel Kelly was much better last night, and there is much to encourage the hopes of his recovery.

Three companies of the Fifteenth Regiment, three of the Sixteenth Ohio, Reiment, and three of the Sixth Indiana, with two pieces of artillery, advanced on Philippi last night, making the force there about 3,000.

The rebels are probably in force at Beverly, to which point they fell back, from Philippi.—Over five hundred stand of arms and fifty horses, with wagons, were taken at Philippi. Fifteen bodies have been found in a thicket, near Philippi. After the fight, the rebeles hid there and the Indiana troops, without knowing the act, discharged their Minnie rifles into the bushes to clear them.

SENTINEL CHALLENGES.—A gentleman late from the troops at the Relay House says the sentinels have, in many instances, a pleasant way of making challenges:

A fellow who had been fishing on the Potapsco, and had secured a fine string of fish, was stopped by the usual question, "Who goes there?" "Fisherman," was the answer.

"Advance, fisherman, and drop two shad," said the alert sentinel, looking out for his own commissariat.

The Montgomery *Confederation* gives the from a correspondent:

On the first night after my arrival, in passing from one quarter to another, I was stopped by a sentinel whom I recognized as private P——, (though he did not recognize me) I was asked for the countersign, and replied "a friend with a bottle;" and the reply was "advance bottle and draw stopper," which I did, and was suffered to pass on my way rejoicing.

WAR NEWS.

FROM WASHINGTON.

WASHINGTON, June 1.—The official report of the affair at Aquia creek yesterday represents the conduct of the naval officers as daring and efficient, and details, with particularity the contest. The enemy's batteries within the range of the guns of the steamers were silenced, but a gun on a battery at a distance from the shore could not be harmed.

A seaman on board of one of the steamers was wounded. It is not known what damage was done to the rebels, but it is certain that the shells burst over or near those who were serving the guns.

A lady who arrived this evening says that the vessel on which she was a passenger passed within sight of the creek this afternoon, and the distinctly saw an engagement then going on.

Reports continue to represent the Seventy-first New York Regiment as having gone to Aequia creek, but this is proved to be incorrect, although last night orders for them to be ready to depart at a moment's notice were issued, but were afterwards revoked.

WASHINGTON, June 1.—The following account of the fight at Fairfax Court House was communicated for the *Evening Star*:

Last night company B, of the Second cavalry, consisting of forty seven privates under Lieutenant Tompkins and Second Lieutenant Gordon, and three members of the New York Fifth regiment, Quartermaster Fearing, Assistant Quartermaster Carey and Adjutant Frank, were recalled from within three hundred yards of Fairfax Court House, by the Winchester road, when they were fired on by two of a picket guard. One of them they took prisoner and the other escaped and fired at. The dragoons then charged into the village from the north side, and were fired on from the Union hotel formerly kept by James Jackson, who murdered Ellsworth. The man firing on them was instantly shot down. The dragoons then charged through the principal street of the village, and were fired on from many houses and by platoons from behind fences. Having passed thus to the end of the village, they wheeled about and instantly charged back, and were then met by two considerable detachments with a field piece. Turning again they cut through a third detachment in the rear and left the village bringing with them five prisoners and killing throughout the engagement twenty seven men. Two of the United States cavalry were killed, two are missing, and Assistant quartermaster Carey of the New York Fifth was wounded in the left. Lieutenant Tompkins had two horses shot under him, and the last in falling on his leg injured it slightly. The wounded are under the care of Drs. Hearn and Rouse of the New York Fifth [illegible]

June 2.—From a messenger arrived here this morning from Aquia Creek this morning by land, the following facts are obtained in relation to the contest yesterday with the rebel battery.

Friday commenced as [illegible] lasted two hours. Intermitted twice that length [illegible] battery, which had been [illegible] in the day previous, had been repaired by the rebels. [illegible] to be about 2 o'clock in the afternoon yesterday [illegible] from the shore, early in the [illegible] and fifteen or five shots, when the *Pawnee* entered into the conflict, taking a position nearer to the land.

For the first two hours the fire from the shore batteries was very brisk, but was returned with more expedition by the *Pawnee*. During the expedition she fired one hundred and sixty shells, one of which was seen to explode immediately over the heads of the rebels who were working the battery. The observer, through a telescope, saw a number of the rebels carried away in wagons. During that time the movement among the rebels was exceedingly brisk. The *Freeborn* lodged three shells in succession in the beach battery, perceptibly damaging the works, which had also the effect of greatly diminishing the fire.

The *Freeborn* received two shots, one of which passed through the cabin, damaging some of the crockery, but not the vessel, except making a passage through the bulwarks of slight consequence.

The *Pawnee* received eight or nine shots, but all too high to inflict much damage. One struck the main spanker yard, which was thereby unslung. Another grazed the mizzen mast head and one passed through the hammock nettings. It is the opinion of the officers on board, that had the rebels been provided with good gunners able vessels would probably have been struck. Some of their shots passed over the mast head to the Maryland shore.

The *Anacostia* returned here this morning, the *Pawnee* and *Freeborn* hauling off beyond the range of the enemy's fire.

The tug *Yankee*, which went down with despatches on Friday, fired a few shots only, not being prepared for a long contest.

The railroad depot and buildings on shore at the landing are destroyed.

The damage to the beach battery is not considered permanent, as the rebels can repair it. It is safe to say that at least two or twelve were killed on the part of the rebels, and it is not known how many may be wounded.

All the firing engaged in on the Union side was from the *Pawnee* and *Freeborn*.

It is reported that the rebels have a field piece mounted on universal, and in all, it is supposed there are about eight guns mounted.

FROM CHAMBERSBURG.

CHAMBERSBURG, June 8.—The First Pennsylvania regiment under Col. Yohe arrived from Greencastle this morning. This makes eleven full regiments at this point.

Captain Kennedy, the commander of the Union Home Guards, of Williamsport, arrived here today, and asks for a forward movement of troops in that direction. Captain Kennedy reports that Ashby's regiment of rebel infantry left on Friday night, taking with them their two brass field pieces. The bird opposite Williamsport is guarded by a company of dragoons, and all the crossings above Harper's Ferry are guarded by cavalry, except that at Sheppardstown. He confirms the report of the skirmish on Saturday, between his company and the rebels, and he believes that three of the enemy were wounded.

When the rebels retreated they burnt a bridge crossing a creek between Williamsport and Falling Waters, in Virginia. The bridge at Sheppardstown, across the Potomac at the point, is mined, and ready to be blown up.

Twenty five Union men reached Williamsport last night, having been driven out of Virginia.

The troops will make a forward movement very soon.

Two regiments from Lancaster are expected here this evening.

Brigadier General Thomas, of the regular army, has arrived, and will lead the advance brigade. The first movement will be made direct to Hagerstown. McMullin's Rangers has been assigned to lead the forlorn hope, supported by the Scott Legion. The latter regiment is attached to General Thomas brigade.

To morrow there will be a thorough inspection of all the regiments in the various camps, including the officers.

A serenade was given to-night to General Patterson by the regimental band.

Three batteries of flying artillery, Dobleday's, Dodge's, and Seymour's, are expected here to-night.

The Fourteenth Pennsylvania, under Colonel Johnson, has arrived, and is quartered in the cars for the night. The Fifteenth Regiment, under Colonel Oakford, will arrive at midnight.

News received from Sharpsburg, Maryland, by a person arrived here, states that the rebels have sent over 500 sick back to Winchester, the prevailing disease being small-pox and diarrhœa.

About 250 rebels remain on the Virginia side, near Sheppardstown, and the Union men in Maryland are anxious that the Maryland Secessionists who are still going into Virginia should only return to be punished as traitors.

The general belief is that Harper's Ferry will be evacuated. The troops are evidently loading cars and wagons with baggage, as if preparing for a move.

L. Tiemann Brune and Robert Swann, prominent Secessionists, of Hagerstown, are said to have been conveying news of the Union movements on this side of the line over into Virginia. They are now serving in the rebel army. Plans have been laid by the Unionists, encouraged by the presence of a strong Union force, to arrest the prominent Secessionists in Western Maryland to morrow. The system of espionage upon our camps will be effectually broken up immediately. The roads between Hagerstown and Harper's Ferry are hereafter to be thoroughly occupied, so that no spies can pass Northward.

FROM LOUISVILLE.

Louisville, June 4.—The New Orleans *Picayune* of the 31st ult, received here, says that the U. S. Steamer *Brooklyn* had captured the bark *H J. Sweeny*, from Rio Janeiro bound to New Orleans with a cargo of coffee valued at $250,000. She was sent to Key West.

The New Orleans authorities are perplexed respecting the disposal of the free negroes captured on board the vessels taken by privateers.

The *Picayune*, of the 1st, says that the ships Bremen and Eberhard, from Bremen, and the steamer Gen. Miramon, from Havana, have been ordered away from Pass l'Outre by the United States steamer Brooklyn.

The steamer Powhatan captured the Mary Clinton, from Charleston to New Orleans, off the Pass, on the 31st ult., with a full cargo of rice, peas, etc.

Gen. Twiggs has been put in command of the Military Department of Louisiana.

The Montgomery (Ala.,) *Post*, of the 31st ult. says that a portion of the Confederate troops have been ordered away from Pensacola, there being little apprehension of a fight there at present.

The Border State Convention, at Frankfort, adjourned yesterday *sine die*, after adopting National and State addresses.

Union Flags are constantly raising in this city amid great enthusiasm. To day they are flying at half mast, in consequence of the death of Senator Douglas.

Mr. Crittenden consents to run for Congress in the Lexington district.

Mr. Mallory was nominated by acclamation for the Seventh district at Lagrange yesterday.

The *Journal* is informed that there are two thousand five hundred soldiers at Camp Trimble, near Richland, two miles from the Kentucky line, and the same number at Camp Cheatham, near Springfield, Tennessee. The measles is very prevalent among them.

The same paper says that well attended Union meetings were held privately in Nashville on Saturday, notwithstanding the suppression of the Union sentiment there by the Secessionists.

Mutual labor is stagnant at Nashville, and there is at least 5000 unemployed negroes in the city.

The Louisville *Journal*, in an editorial, says that Col. Anderson will take no military command there, but will go to the mountains of Pennsylvania on account of failing health.

Cass on M. Clay, our Minister to Russia, has published a letter in the London *Times*, explaining the position of the North. It has already created a very marked sensation. It is couched in brief but decisive terms. He says the revolted States can be subdued, but that it is not proposed to subjugate them, but simply to put down the rebellious citizens. He indicates plainly that the interest of England is to stand by the Union, and inquires whether she can afford to offend the United States, or if she is so secure in the future against home revolution and foreign ambition as to warrant her now in sowing the seeds of revenge.

FROM CINCINNATI.

CINCINNATI, May 30.—The Ohio and Virginia troops, under command of Col Kelley, occupied Grafton at half past two o'clock this afternoon, the rebels having fled on their approach without firing a shot.

The Indiana Sixth Regiment, under Colonel Crittenden, fully armed and equipped, arrived here at five o'clock this evening, and passed through the city on the road to Camp Denison, where they encamp for the night. Their destination is understood to be Grafton. They were most enthusiastically greeted.

Another Indiana regiment passed Dayton last night, going east.

Mr Alson Stager has been appointed superintendent for military purpose of all the telegraph lines within the department of Ohio. A very complete system has been devised for the use of the telegraph for military operations and placed at the disposal of Major McClellan, and a number of prominent and experienced telegraphers are co-operating with Mr. Stager, to render it of the utmost possible efficiency for the army service.

CINCINNATI, June 3.—Two columns of troops, from Gen. McClellan's command, one commanded by Col Kelley, consisting of the First Virginia volunteers, and the other commanded by Col. Crittenden, consisting of the Indiana volunteers, left Grafton early last night, and after marching the entire night through a drenching rain surprised a camp of rebels 2,000 strong, at Philippi, Virginia, routed them completely, killing fifteen, and capturing a large amount of arms, horses, ammunition, provisions, and camp equipage. The surprise was complete, and at the last advices, the United States troops were in hot pursuit of the rebels. Probably many prisoners will be taken.

Col Kelley was mortally wounded, and has since died. Several of the United States troops were slightly wounded.

FROM BALTIMORE.

BALTIMORE, May 31.—By well confirmed reports, we learn that in addition to Frederick, Williamsport and Hagerstown, Hancock and Cumberland; Md., were both about to be occupied by the federal troops.—It would appear evident that the federal government is determined, as part of its military plans, to take entire possession of the Baltimore and Ohio railroad as far as Wheeling. Parkersburg, Grafton and their intermediate points are already possessed by troops.

This movement, with the occupation of the points just cited, will leave only the small territory between Martinsburg and the Point of Rocks (between 20 and 40 miles) in possession of the Confederate troops. It is supposed that the federal armies are accompanied by corps of sappers and miners, with bodies of laborers to repair destoyed bridges, railroad tracks, and telegraph lines to be used by the government.

FROM HAGERSTOWN.

HAGERSTOWN, June 1.—This morning the rebels attempted again to take possession of the ferry boat lying opposite Williamsport, for the purpose, it is conjectured, of removing it to Falling Waters, a point about four miles below where there is a considerable number of rebel troops stationed, who doubtless intended, by means of the boat, to cross to the Maryland side on a marauding expedition. The Union company at Williamsport, as soon as they perceived the rebels taking possession of the boat, ordered them to desist, which they refused to do, whereupon the Union men opened fire, which was as briskly returned, and the fire was maintained on both sides for about an hour. Three or four of the rebels were wounded, while on the boat at the commencement of the fight. The boat was soon abandoned by the rebels, and it is now safely at its moorings. It is reported that the attempt to capture it will be repeated to night. The river will be closely watched by the Union Guards, who have been reinforced by a company from Clear Spring. The Union company from Sharpsburg is on its way up to Williamsport with one or two field pieces.

A Card to the Ladies.

DR. DUPONOY'S GOLDEN PILLS FOR FEMALES, *Infallible in correcting, regulating and removing all irregularities, from whatever cause, and always successful as a preventative.*

There is not a lady living but what at some period or other needs just such a medicine as "Dupenoy's Golden Pills." One of the first ladies of Chester told the Agent there that she had received so much benefit from the use of them, she would be willing to pay $5 a box rather than be without them, if she could get them at no less. The gentlemen composing these pills are made known to the Agent. They will tell you they are perfectly harmless and yet will do all claimed for them. Full and explicit directions accompany each box. Price $1 per box. For Sale by G. W. KESSLER, Druggist, sole Agent for Altoona, Pa.

Ladies by sending him $1.00 in the Altoona Post Office can have the pills sent to any part of the country confidentially by mail, free of postage. Sold also by Dr. READ, Huntingdon, and by one Druggist in every town and city in the State.

S. D. HOWE,
Sole Proprietor, Newark, N. J.

N. B.—The above Pills have been extensively counterfeited to Ladies at prices ranging from 25 cents to $1 per box cheaper than the genuine. Look out for them. The genuine Pills will bear the signature of S. D. Howe, sole proprietor. Price—$1. Purchase of the above gentlemen, who can be found at the genuine article, and one you may rely upon.

To Consumptives.

The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it he will send a copy of the prescription used (free of charge,) with the directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he considers invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription will please address.

A Card to the Suffering.

The Rev. Wm. Cosgrove, while laboring as a missionary in Japan, was cured of Consumption, when all other means had failed, by a recipe obtained from a learned physician residing in the great city of Jeddo. This recipe has cured great numbers who were suffering from Consumption, Bronchitis, Sore Throat, Coughs and Colds, and the debility and extreme depression caused by these disorders.

Desirous of benefitting others, I will send this recipe, which I brought home with me, to all who need it, free of charge.

☞ The Female Organization is often as frail as it is a tender flower. Many of the sex enter into marriage relations without being able to undergo the labors and duties of maternity. In this country thousands of young and beautiful women are sacrificed every year from this cause alone. Hostetter's Celebrated Stomach Bitters will save many of this class from an untimely grave. This medicine has been used with great benefit by immense numbers of people throughout the republic, and the proprietors have received grateful commendations from all sections of the country. The Bitters will be found to be very pleasant to the taste, even as a beverage, and prompt and powerful in its effect as a medicine. It infuses new vitality into the frame, and strengthens the whole system, so that women who use it are enabled to go through with a burden which would, without it, be certain to prostrate them. ☞—Sold by all druggists.

☞ THE GREAT CLOTHING EMPORIUM OF THE UNION.—Philadelphia possesses the most splendid Clothing Emporium in the country. It is splendid as regards the palatial structure in which the immense business of the establishment is conducted, and it is equally splendid in regard to its great facilities and vast resources. But to its patrons its chief attractions are, first, the elegance of the garments for Gentlemen and Youths, manufactured there; secondly, the beauty and durability of the materials, and the superior excellence of the fit, and lastly the moderate prices at which the goods are sold. We refer, in this description, to none other than the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut Street, above Sixth, Philadelphia.

MRS. WINSLOW,

An experienced nurse and female physician, has a soothing Syrup for children teething, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it, mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. 25 cents per bottle. ☞—See another column.

OUR ARMY CORRESPONDENCE.

CAMP CHAMBERS,
CHAMBERSBURG JUNE 8, 1861.

MESSRS. MCCREA & DERR—*Gents:*—since my last you are aware that our Encampment has been changed from York, to this place. We arrived here on the 29th ult, and were quarted in the Court House where we remained until the Saturday morning following, when we took up our line of march for our present quarters, situated three miles from town. I cannot, in this connetion, pass by the handsome and kind treatment received by the members of Company B. from the citizens of Chambersburg while they were stationed there. Indeed, the ladies excelled themselves, in profiling for their wants while they were detailed as a picket guard, through town, to keep down disturbances, and drunken soldiers, &c. The boys were in great ecstacies.

On the 2nd inst, Lieut. GARDNER was sent out with a squad of men, to capture a supposed spy, who had been prowling about the different Camps for several days. The Lieutenant surrounded a house in the expedition with the impression that he was there; but the bird had flown. After chasing him through the country for some time, he was finally captured by Lieut. CLARK, and three of Capt. STINER'S men.—He was then taken to town, since then I have heard nothing of him.

On Tuesday the 4th inst, the Scott Legion arrested two men belonging to Company E., U. S. Cavalry, new Greencastle, some seven miles from this. They were out on picket. The men in question were quartered in Camp McClure, and having received a pass came out to town, took off their uniform, put on citizens' dress, and made tracks for the South. They were taken to town and lodged in jail.

On Saturday the 1st inst, an affray took place in the suburbs of town, between two soldiers and a negro. It appears that the latter kept a low "whiskey mill," and the former went there to refresh themselves with "Kill-me-quick," and were refused admittance. They then broke open the door, when they were fired upon by the negro.—The shot took effect in their legs. The news of the scrimmage reaching the ears of their Company, the darkey was pursued and killed. Upon a post mortem examination five balls were extracted from his body. He was also run through with a sword. A private of the 2nd Regiment received a shot in the thigh while the tragedy was being enacted.

There has been several fatal cases of spotted or malignious fever among the soldiers of the 10th Regiment, stationed at Camp Slifer. This disease, I have been informed, carries the victim off in about twenty-four hours. The cases however, have been few, not so extensive as newspaper reporters have made them. There are several of our Company sick; but none of them seriously so. The change of life has much to do with these illnesses, and are to be expected to a certain degree. Dissolute habits and exposure, have their result in diseases of a more serious nature.

Yesterday morning the first division of the troop stationed at Camp McClure marched south. It was composed of four Companies of U. S. Cavalry, the Philadelphia troop, two Companies of regular artillery, acting as infantry, under the command of Capt. Doubleday the Sixth Regiment, Col. Davis regiment, and another, the number of which I do not remember. The two Companies of regulars were in Fort Sumpter, when in was assaulted by the rebels. This morning the third division marched in the same direction. It consisted of the 7th, 8th, and 10th, Regiments encamped at Camp Slifer and the Scott Legion.

The 2nd Division consists of the 1st, 2nd, and 3rd Regiments and the Irish Brigade, I think the beginning of next week, will suffice for our present quarters, and we will follow the advanced columns. There are now in the borders of Franklin County, and close upon the Maryland line, between 16,000 and 17,000 troops, and from what I can learn an army of not less than 20,000 men will move upon and surround Harper's Ferry. The troops are all eager to have a brush with the enemies of the Republic, and your readers may be assured, that the sons of the Keystone State will acquit themselves on the field of battle.

Our present encampment is located in a most delightful section of this county. On every hand, the eye rest upon richly cultivated fields, laden with the various cereals, and promising an abundant harvest. The buildings, houses and barns, are neat and well constructed, giving every evidence of wealth, contentment and happiness. The people are loyal and patriotic, and are kind to the soldiers. In our Camp we are bountifully supplied with a stream of pure limestone water, sufficient for cooking, drinking and aquatic purposes. There is a large creek, a few hundred yards from us, bearing some outlandish Indian name, which your correspondent cannot spell, and dearly pronounce, where the regiments can wash. The only method I can adopt to give you some clue, as to spelling and pronouncing this name, is to write, "*Canteen-gozip.*"

I regret exceedingly to mention the fact, that slanderous reports have reached your place, in regard to Capt. SHINK and Lieut. GARDNER, relative to the distribution of certain presents sent by the citizens of your place, for the benefit of Company B. and E. These stories are a web of falsehoods from the centre to circumference. Both gentlemen are too high minded and honorable to be guilty of any misplication of the gifts of a kind and loyal people.—The person who invented and put them forth in your town, will shortly reap the first of his evil speaking.

Our company now practises firing, once a day, with ball cartridge, distance 100 yards. Yesterday Capt. Wayne, made the best shot having put one buckshot in the paper and the bullet a little to the left of it. The shooting, the Captain said, was very good for the fruits time. It was mostly in line.

In behalf of the officers and members of Company B. I acknowledge the receipt of several invoices of creature comforts, from the patriotic ladies of your town. To-day we received a box of "Havelocks," for Companies B. and E. from the "Patriot Daughters" of Altoona. They have been divided, and distributed to the members. They are a comfortable institution in the broiling sun, and their arrival was timely, and the gift very acceptable. The Borough of Altoona, I have no fear in saying, has surpassed any other town in the Juniata Valley, in its attentions to the wants of those who have left home and friends, to battle for the "gorgeous ensign of the Republic," and for the perpetuity of the best Government the world has ever seen. That they are held in grateful remembrance by it, would scarcely convey to them an idea of the feeling animating our hearts. In memory they shall ever retain a place, and indeed, we should be recreant to every principle of honor did we not hold your citizens in high esteem. They have treated their soldiers as gentlemen, and not as paupers and the offscouring of the earth. I wish I could say as much for some other places along the Juniata.

All the troops here will move down upon Harper's Ferry next week, and the rebels will find in the iron men of Pennsylvania "foemen worthy of their steel." They have ridiculed the pretensions and military sagacity of Gen. Scott, but they will find ere long, that venerable and illustrious soldier has completely circumvented them. The Secessionists have played the game of brag all along, and soon they will find that fabric not in the constitution of Northern men, and that they will realize this fact to their sorrow, will be evident to the whole country in less than a fortnight.

Your correspondent is indebted to Col. MCCLURE'S estimable lady for an India rubber blanket and a "Havelock." Also, to the Senior Editor's old friend Mrs. GRAY for many acts of kindness. These are Juniata ladies, and have shown unremitting in their attention to those who hail from their native county. The Colonel has a most delightful residence, a half mile from town, which he is now beautifying at considerable expense. There are no kinder or more obliging persons in the State than those of Col McClure's household. But hail!
A. J. G.

Celebration of the Fourth of July.

Pursuant to a call, a large and enthusiastic meeting of the citizens of Altoona and vicinity assembled at Lowther's Hall on Tuesday evening, the 4th inst., for the purpose of taking some action in relation to this proper celebration of the coming anniversary of our national Independence.

Geo. B. Cramer, Esq., was called to the chair, and S. M. Woodkok was chosen Secretary.

Mr. Cramer, on taking the chair, stated the object of the meeting, and urged the present necessity of a "Grand Union Celebration, irrespective of parties, either religious or political.

S. W. Woodkok made some remarks. He thought the present deplorable condition of our country demands that the people, from every hill and valley throughout the land, should assemble, on our Nation's Birth Day, and renew, again, our fidelity to the Constitution and the Union.

On motion of Dr. Wm. R. Findley, the Chair, John Shoemaker, Lewis Black, and Jacob Good were authorized to appoint a Committee of Arrangement, consisting of 34 persons chosen from Altoona and Hollidaysburg boroughs, and Blair, Cambria and Huntingdon counties; and that they report at our next meeting.

Meeting held June 8th, 1861. Geo. B. Cramer in the chair, reported the following Committee of Arrangement: Altoona—Wm. C. McCormick, John Hickey, C. Jaggard, C. C. Mason, Geo. B. Cramer, James Kearney, Wm. R. Findley, John Woods, J. G. Adlum, Jacob Hesser, Jacob Good, James Lowther, H. C. Dern, M. T. Dill, Alex. McCormick, Lewis Black and Joseph B. Smith. Hollidaysburg and Gayeport—O. A. Traugh, J. Penn Jones, and D. Caldwell. Tyrone—J. D. Stewart and Caleb Guyer. Tipton—George Hyrrick. Elizabeth Furnace—Martin Bell. Logan Tp.—Judge James Gwin, Martin Runyan and Jas. Hutchison. Huntingdon—Graffius Miller and D. M. Confer. Ebensburg—Hezekiah Hughes and Alex. Mullin, Wilmore—Wm. R. Hughes. Gallitzin—E. Nutter.

The Chairman asked leave to amend his report, by adding the names of B. F. Bell, Samuel Milliken and Dr. R. Clark, of Bell's Mills.

The report as amended was adopted.

On motion, M. T. Dill, Joseph B. Smith, and J. G. Adlum were appointed a Committee to wait on the Burgess and Town Council of Altoona, for an appropriation of $100.00 out of the Borough Treasury, to assist in defraying the expenses of the Celebration.

Dr. Wm. R. Findley submitted a number of resolutions relating to Programme, order of the day, &c., which were read and adopted.

On motion, *Resolved*, That the proceedings of these meetings be published in all the newspapers of the county.

On motion, adjourned to meet on Friday evening, June 17th, at 8 o'clock.
GEO. B. CRAMER, Pres't.
S. M. WOODKOK, Sec'y.

Proceedings of Council.

Regular meeting June 4th, 1861.

Present—A. A. Smith, President; R. Greenwood, C. R. Hostetter, Daniel Laughman, and N. J. Mervine, *Council*.

The minutes of last meeting were approved.

A bill of Hall & Neff, for services rendered, was taken up, and, on motion, an order was granted to L. W. Hall for $10.00, for furnishing written opinion, as per special contract.

The following orders were also granted:—One to F. McCauley, for $4.82; to J. H McDowell, for $8.25; to John Shoemaker, for $15.25; to W. W. Snyder, for $27.50; to Daniel Coyle, for $22.25; to John Haney, for $22.50; to John McCulloch, for $20.75; to John Maloy, for 22.25.

A petition of citizens, asking the making of certain streets, was taken up, and, on motion, was laid on the table.

The bonds of Daniel Laughman, Treasurer, and Joseph K. Ely, Collector, were read and approved.

On motion, adjourned to meet on the first Monday in July, 1861, at 7 o'clock, P. M.—*Extract from the Minutes.*

LECTURE.—On the evening of the 31st ult., James E. Gifin, A. M., late of the "Chester Valley Type," delivered a lecture in the M. E. Church, on the educational, moral, political and military condition of our country. The attendance was not as large as it should have been, but those who were present gave good attention to the remarks of the speaker, whose effort was directed to impressing upon the minds of his audience the necessity of giving to the rising generation a good education, morally and physically, as well as mentally. For this purpose Mr. G. intends opening a school in this place, if sufficient encouragement be given. We hope our citizens will not let his efforts to open such a school prove a failure.

☞ A tremendous rush of Job work which could not be postponed prevented the issue of our paper last week, consequently the date is wrong on our outside, and a portion of the war news published will be rather old to the readers of daily papers, nevertheless the most part of is interesting and will be new to those who are not so highly favored as our town readers. The loss of the paper as we have frequently said heretofore is our own and will be made up hereafter, we are likely to have some important war news this week, and if so, will lay it before our readers immediately.

THE "STAR-SPANGLED BANNER."—Of course every person has seen the "Star-Spangled Banner" circular, issued by Messrs. Murphy & McPike, who have just opened out, in Ferree & Morrow's old stand, recently occupied by J. Low. They have bought a stock of most excellent goods, at what is now styled "war prices," which means very cheap. From the manner in which the people have been crowding in upon them for the past few days, we think they must be doing a rushing business, and all because they sell "cheap for cash or approved country produce." We know McPike to be one of the most accommodating men this side of sundown.

MORE SOLDIERS.—Within the past week two regiments of troops have passed East over the Pennsylvania R. R. viz.—2d Michigan and 1st Wisconsin Regiments. The Michigan Regiment was commanded by Col. Richards, and numbered 1,065 men. They were equipped in the very best style. The Wisconsin Regiment was composed of 1,000 of the hardiest men we have yet seen. They left Milwaukie at 2 o'clock on Sunday afternoon and arrived in this place at 3 P. M. on Tuesday—just 49 hours later.—Pretty quick transportation of troops. Great institutions are railroads in time of war.

ALTOONA, June 11, 1861.

Messrs Editors:—It has been reported in this place, that the underclothing made up some time since, by the ladies of Altoona, and forwarded to our brave volunteers, was returned to me by those to whom it was sent. This is not correct. The clothing was nicely made by the ladies, and promptly forwarded by me to our men at York. It was most thankfully received by them, and nine cheers were given for the ladies of Altoona.

Truly and Respectfully,
GEO. B. CRAMER.

IMPORTANT.—The continuance of the war must create a great demand, in various ways, for well qualified young men, and as the Iron City Commercial College of Pittsburgh, so extensively known throughout the country for the superior advantages it affords, continues its sessions without interruption throughout the year, young men would do well to prepare themselves at once for business, by a course of training in this popular institution.

ENTERTAINMENT.—Mr. Alex Clark, editor of the Sunday *Visitor*, will give an Elocutionary Entertainment in Lowther's Hall this (Thursday) evening. He promises something amusing, and those who know the man and have heard him lecture are well aware that he can entertain, amuse and instruct any audience. A small admittance fee will likely be charged to defray expenses.

☞ The junior member of the firm down stairs, has just returned from the east with another fine stock of summer goods which make the "Model Store" look bright and attractive, but what is still better they have been low and are being sold at panic prices. Step in ladies, quick, before the beautiful articles are all carried off.

☞ A new shedule went into operation on the Penn'a railroad on Monday last. It made a number of important changes in the running of the passenger trains, of which travelers should make a note. See Railroad and mail schedule in another column.

☞ Extracts from W. J. B's. letter will be published next week.

Interesting Comparison.

The following table will be found to be very interesting, as showing the relative strength of the free and bond population in the slave States, by the increase and decrease it makes from year to year. The figures were compiled from officials ourees, and are worthy the study of political economist.

CENSUS OF 1860 COMPARED WITH 1850.

	FREE.		SLAVE.	
	Increase.	*Decrease.*	*Increase.*	*Decrease.*
Delaware,	21,178		196	
Maryland,	107,180		3,180	
Virginia.	156,063		18,359	57,467
North Carolina,	81,195			
South Carolina,	17,748		17,657	
Georgia,	170,504		80,548	
Florida,	30,551		22,448	
Alabama,	100,383		92,228	
Mississippi	68,051		126,816	
Louisiana,	163,960		87,711	
Texas,	256,220		122,227	
Arkansas,	161,526		64,004	
Tennessee,	70,505		36,325	
Kentucky,	168,799			85,491
Missouri,	463,780			27,543

These figures show that in Kentucky, Missouri, Deleware, Maryland and Virginia slavery is gradually on the decrease—but the increase in the other states far exceeds the decrease in the first named states, which of course, can not effect the aggregate of slavery itself. The increase of free population in several of the states, does not exceed that of the slave, while, the difference in none of the cotton states is very great.

H. FETTINGER, of No. 1 Literary Emporium beg leave to announce to the citizens of Altoona and vicinity, that he has now, and will constantly keep, a full supply of all the School-Books used in this and adjoining districts, which will be sold at from ten to twenty five per cent. less than they can be bought anywhere else in the county. Everything used in the Schools—such as Slates, Pencils, Pens, Inks, Copy Books, Charts, Cards, Rewards of Merit, &c., &c., can always be had at his place of business. "A word to the wise is sufficient."

COL. ELLSWORTH'S LAST SPEECH.—At nine o'clock in the evening, on the 23d of May, having marshalled his Zouaves in line of battle, before marching for Alexandria, our Colonel, says one, thus addressed us:

"Boys, no doubt you felt surprised on hearing my orders to be in readiness at a moment's notice, but I will explain all as far as I am allowed. Yesterday forenoon I understood that a movement was to be made against Alexandria. Of course I was on the *qui vive*. I went to see Gen. Mansfield, the Commander at Washington, and told him that I would consider it as a personal affront if he would not allow us to have the right of the line, which is our due, as the first volunteer regiment sworn in for the war. All that I can tell you is to prepare yourselves for a nice little sail, and at the end of it a skirmish. Go to your tents, lie down and take your rest till two o'clock when the boat will arrive, and we go forward to victory or death. When we reach the place of destination act as men; do nothing to shame the regiment; show the enemy that you are men as well as soldiers, and that you will treat them with kindness until they force you to use violence. In fact, I want you to kill them with kindness. Go to your tent and do as I tell you."

What Secession Has Done in Texas.

Extract of a letter written by a Marylander to his father in-law, residing in Baltimore county, dated San Antonia, Texas, April 12, 1861:—"I arrived here last night from the Rio Grande, to which place I had been with a volunteer Company to protect the families on the frontier from the Indians, who have literally desolated the entire State, from San Antonia to the frontier. Every family that has had the means of escaping has fled precipitately, leaving everything behind, and such as were poor and without means of escape, have sought refuge in the fort formerly occupied by the United States troops. This part of Texas, by the withdrawal of government protection, is now overrun by lawless bands of Indians, Mexicans, and prowling American vagabonds, ruin eteging the whole country in the face, and, unless the United States come to our aid, the country is utterly worthless, as stock raisers cannot protect themselves. Alas for secession! Texas, in any event, in this section is done for,"

QUEER SCENE AT A FIRE.—The boarding house of a Mrs. Robinson at Chicago, Illinois, was burnt last week, and as the fire caught below, the boarders above had to resort to the roof. The *Times* says: Four or five women climbed through a chamber window, upon a side roof which joined the house, and were followed by some men, the whole party being in their night clothes, and presenting a decidedly picturesque appearance by the lurid glare of the flames. The ladies succeeded in performing a precarious toilet on the ridge of the roof, but the other individuals retained their primitive costume, and pranced about on their elevated and airy platform in a manner quite affecting to behold. They were no better off on the roof than in the house, for the flames were fast approaching them, and they had no earthly means of descending the three stories wich separated them from the ground. At this juncture, a policeman came to their relief and lowered them down, one by one, with a rope. The male individuals, who stood there *sans culotte*, were not thus favored. They had to wait until it grew hot under their feet; and after a great fright a ladder from the truck relieved their fears, and they were safely landed.

LOST.—A few evenings since, between Mr. Loudon's store and Mr. Runyan's, in Loudonsville, a silver pencholder with gold pen. The finder will confer a favor upon a lady, by leaving it at this office, or giving information where it may be found.

MARRIED:

On the 6th inst., at the residence of John G. Miles, Esq., in Huntingdon, by the Rev. Mr. Zahnizer, Mr. WESTLEY M. HOLMES to Miss CLARILLA V. MILES, all of Huntingdon.

Here is our ☞ West, and a hearty welcome to the honorable walks of matrimony. We thought you had almost decided to squander your best days amid the cold comforts of single life, but are happy to note that better counsel, or something more potent, has lured you into the path of duty.—We hope that before you and yours there is a clear highway to prosperity, and that all the talked of, imagined and realized bliss of true hearts united may fall to your lot throughout a long life. Thanks for your kind remembrance of the printer.

HAT & CAP EMPORIUM,
JESSE SMITH, Proprietor.
ALL THE LATEST STYLES OF HATS and CAPS constantly on hand. It is the determination of the proprietor of this Emporium to keep up with the times and fashions, and to do this he spares no expense. He has just received his supply of
SPRING AND SUMMER HATS AND CAPS,
among which will be found styles and qualities to suit the tastes of old or young, plain or fashionable.
To give the names, colors, qualities and styles of all his goods in this line, would only confuse the reader, and he would not then understand or appreciate the diversity and magnitude of his stock. It must be seen to be believed.—Go and see Jesse if you want to see a live hatter and a fashionable stock.
He has also a fine assortment of CHILDREN'S HATS and FLATS, to which he invites the attention of solicitous mothers. At his store they will find something which will excel all their neighbors in the way of fashion and beauty. Go mothers, and examine and select from Jesse Smith's stock.
Store on Virginia Street, opposite the Lutheran Church.

THE ROOT & HERB DOCTOR,
FROM PHILADELPHIA,
WHO HAS HAD 30 YEARS CONSTANT practice, can be consulted at the Altoona House, Mr. John Wood's, viz.:—*On the 7th of June, the 8th of July, and the 7th of August*—he will then vacate for 3 months. Notice will be given in this paper when he commences his Winter's Term again.
He treats all diseases that flesh is heir to. He invites all females who may be suffering with diseases peculiar to their sex, to call and examine his new mode of treatment, as thousands have been restored to health who have been abandoned by others. He is in possession of perfect instruments for sounding the lungs and chest and is therefore able to determine the exact condition of the vital organs—consequently can treat such complaints with greater safety and certainty than it is possible for those who guess at the disease and experiment for its cure. He believes that for every malady, there is found in our soil a sure and never-failing remedy.
Patients can receive treatment for $5 per month, except in cases of Cancers and Tumors, they vary from $10 to $100. Examination free. DR. W. LEVINGSTON.

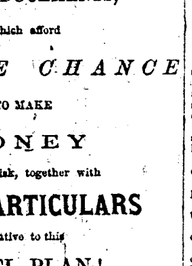
JACOB SNYDER, TAILOR,
The Hero of One Hundred Fits per Month!



I would respectfully set forth my claim to public attention, as a Fashionable Tailor, as follows:

Because I keep an excellent assortment of Cloths, Cassimeres, Vestings and Trimmings, which, when examined, always please.

Because my work is made up in a manner that takes down the country and gives all my customers a city appearance.

Because I am not inferior as a Cutter to the best to be found anywhere.

Because long experience in my business gives me entire control over it, and I am not dependant upon any one to fit me out of the suds.

Because I am still on the sunny side of forty, and therefore my taste as a Cutter and workman unimpaired.

Call on me, in the corner room of the "Brant House." Give me a trial and you will go away pleased.

PROF. L. MILLER'S
HAIR INVIGORATOR!!
AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND.

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriently, and gives it a rich, soft, glossy flexible appearance, and also where the hair is loosening and thining, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh covering of hair*.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in *dressing the hair*, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being,

ONLY 25 CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of the Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Wholesale Depot, 56 Dey St., and sold by all the principal Merchants and Druggists throughout the world.

Liberal discount to purchasers by the quantity.

I also desire to present to the American Public my

New and Improved Instantaneous
LIQUID HAIR DYE

which after years of scientific experimenting I have brought to perfection. It dyes Black or Brown instantly without injury to the Hair or Skin, warranted the best article of the kind in existence.

Price, Only 50 Cents.

LABOR-SAVING
WASHING MACHINE.
THE UNDERSIGNED HAVING purchased the right for Blair county, of

Tolhurst's Improved Washing Machine,

are now manufacturing them at Altoona, and intend to supply them to those persons throughout the county who desire a LABOR-SAVING MACHINE.

This machine is got up on an entirely new principle, and is considered, by those who have seen it in use, the best that has ever been brought before the public.

Among the many advantages of this machine over all others may be mentioned the following:

1*st*. Its simplicity of construction, making it almost impossible to get out of order.

2*d*. Its speed, which astonishes alike the operator and the looker on.

3*rd*. The facility with which it adapts itself to the bulk or quantity of clothes desired to be washed.

4*th*. It washes equally well the finest and lightest fabric or the coarsest and heaviest, such as bed-quilts, comforts, blankets, &c.

McMINN & DERN,
Altoona, Blair County, Pa.

We the undersigned, hereby certify that we are now using Tolhurst's Improved Washing Machine and are fully satisfied that it is a very excellent article of the kind; combining as it does great speed with little labor, and performing its work in the most satisfactory manner. We therefore cheerfully recommend it to all who desire a real labor-saving washing machine.

MOFFAT'S
LIFE PILLS and PHŒNIX BITTERS.
THESE MEDICINE HAVES NOW been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss or Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these medicines, was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

FEVER & AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy and certain remedy. Other medicines keep the system subject to a return of the disease—a cure by these medicines is permanent—try them, be satisfied, and be cured.

BILLIOUS FEVERS and LIVER COMPLAINTS.—General debility, loss of appetite and diseases of females—the medicines have been used with the most beneficial results in cases of this description:—Kings Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system, all the effects of Mercury, infinitely sooner than the most powerful preparation of Sarsaparilla.

Prepared and sold by W. B. MOFFAT.

GREAT IMPROVEMENT IN COOKING STOVES.
CONSUMPTION OF SMOKE AND GAS AND SAVING OF FUEL.

The subscriber takes pleasure in offering to the public NEW GAS AND SMOKE CONSUMING Cooking Stove, recently patented, which is destined to supercede all others, as it requires

ONE-THIRD LESS FUEL

than other stoves and is more easily, quickly and regularly heated. No unpleasant smell of gas arises from this stove from the fact that it is all consumed ere it can escape. There is no trouble from smoke as that unpleasant and often annoying exhalation is also consumed inside of the stove. Neither is there any danger of flues or chimneys becoming clogged with soot or the mortar loosened by the gas arising from coal fires.

Persons wishing to purchase stoves are invited to call at the store of the subscriber, in the Masonic Temple, and examine the above stoves. JOHN SHOEMAKER,
Sole Agent for Blair County.

HOSTETTER'S
STOMACH BITTERS.
The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
